## Are you ready for your final boost?

---

The final instalment of the additional cash flow boost will be credited when you lodge your September monthly or quarterly activity statements, if you are eligible.

If you want an estimate of the amounts you'll receive or check a previous cash flow boost credit, use the *Cash flow boost estimator*. Simply:

- select your reporting frequency
- enter the amounts you reported at labels W1 and W2 for March to June 2020.

While the September activity statement is the last one to receive cash flow boosts, help is still available.

We understand some businesses may continue to struggle. If you're concerned you won't be able to pay on time, or you've already missed a due date, contact us as early as possible to discuss your situation as we have a range of options to support you.
